Dear Mike,

I'd like to take a moment to thank you and all the employees at Breathe. We have been very pleased with your attention to detail, your client service, but most of all your results!

Since our drivers are responsible for transporting flammable fuels, it is very important for them to be tobacco free. As of today's date Breathe is batting 1000 in helping us get our drivers to quit tobacco because everyone you've treated is no longer using tobacco.

Your corporate program has made this very easy for us and our drivers, and they are all thrilled that they're now tobacco free. And on top of that, we know Holiday Companies is thrilled with the cost savings we will realize because these employees are no longer smoking.

We would be happy to act as a reference for Breathe, so feel free to have any prospective corporate accounts give me a call.

Sincerely,

Thank you,
Tim Mosell
